

French-Modern Foreign Language

To learn another language is to have one more window from which to look at the world.
(Chinese proverb)

'A high-quality languages education should foster pupils' curiosity and deepen their understanding of the world. The teaching should enable pupils to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing.' (National Curriculum 2014 – Appendix A)

At All Saints we want our children to be exposed to as wide a range of opportunities and experiences as possible. The UK is a multicultural society and we have a duty to provide our children with an understanding of other cultures and languages. Learning a language enriches the curriculum and provides excitement, enjoyment and challenge for children, helping to create enthusiastic learners and to develop positive attitudes to language learning; giving them a good base for language learning at Key Stage 3 and throughout life.

At All Saints, we teach French to children in Key Stage 2. We use the scheme Language Angels that provides up to date materials, training and support when needed. Children are taught weekly, using the materials provided which include lesson plans, PowerPoints and printable resources. Sound files on the PowerPoints ensure our children have a good and consistent model of pronunciation and intonation throughout the key stage.
