SCHOOL GAMES

National Walking Month: Do not forget to take part in our activities this May by posting a walk on your child's Google Classroom, arriving to school on wheels on a Wednesday or walking to school next week!

WALK THIS MAY

Our School Curriculum – Year 6: This term coaches from a local sports club, Premier Tennis, are in Years 3 and 6. Year 6 have been building upon the skills they have previously learnt and have been using them in games.

Student Aspiration Squad Project – Year 6: Outdoor activities, climbing, martial arts and finally trampolining! A group of Year 6 children have been breaking boundaries, seeing where their increased confidence will take them and making new friends that they will see in secondary school. Well done to all, you have been fabulous!

Multi Sports Day – Year 4: Last week, 4C attended a multi sports event where they took part in a range of skills stations all led by secondary school young leaders. All behaved superbly and enjoyed themselves. It was also lovely to see the sun!

Orienteering – Year 5: The sun, however, was not shining for a group of Year 5s who attended Overstone Scout Centre for an Orienteering afternoon this week. However, this did not stop them from getting stuck in to their activities! Using and developing their map reading and problem-solving abilities from their OAA (Outdoor & Adventure Activities) P.E. lessons, they stepped up to the challenges wonderfully and were a credit to our school.

Loughborough Lightning

Vs Harlequins
